

## 1K PLASTIC Primer Surfacer RFU

#### **Description**

- 1K Flexibilised Plastic Adhesion Primer
- Medium grey in colour
- Cost effective
- Ready for use package viscosity

### **Technical Summary**

- Ready for use 1K primer for plastics
- Ideal for new bars and minor repairs with moderate filling
- Excellent topcoat hold out and edge map resistance
- Good adhesion to plastics
- Short flash-off time before topcoating
- Can be sanded, if required
