4 FIRST AID MEASURES

IF YOU EXPERIENCE DIFFICULTY IN BREATHING, LEAVE THE AREA TO OBTAIN FRESH AIR.

Inhalation:	Because of its low volatility, this product is not likely to be an inhalation hazard.
Skin Contact:	Skin contact may cause irritation.
Eye Contact:	Eye contact may cause irritation.
Ingestion:	Harmful if swallowed. Changes in structure or function of esophagus, nausea, or vomiting and other gastrointestinal effects.
First Aid Facilities:	Provide an eyewash station in the workplace.
Symptoms:	May cause eye, skin, or respiratory irritation. Chronic: Prolonged or repeated exposure may produce chronic inflammation of the lungs that may progress to pulmonary fibrosis.
Medical Attention:	Inhalation: Remove to fresh air. Eye & skin contact: Flush eyes immediately with large amounts of water for at least 15 minutes. Wash affected areas with soap and water immediately. Remove contaminated clothing. Ingestion: If swallowed, dilute by drinking 2 glasses of water. Do not induce vomiting. Get medical attention.

5 FIRE FIGHTING MEASURES

Extinguishing media:	Foam, co2, dry chemical or water spray. Do not use a water jet from a fire hose.
Hazards from combustion products:	No data available.
Precautions for fire fighters:	Combustible liquid. Fire fighters should wear full protective clothing and self-contained breathing apparatus. Do not use steady stream of water. Do not release contaminated water into the environment. Fire-exposed containers should be cooled with water to prevent pressure build-up which could result in container rupture.

6 ACCIDENTAL RELEASE MEASURES

If spilled, contain spilled material and remove with inert absorbent. Dispose of contaminated absorbent, container and unused contents in accordance with local, state and federal regulations.

7 HANDLING AND STORAGE

Handling:
 Keep out of reach of children. Avoid contact with skin and eyes and do not inhale spray mist. Avoid contact with open flame, electric arcs, or other hot surfaces which can cause thermal decomposition. Direct sunlight, temperatures above 26 deg C 11%. Do not puncture or incinerate. Do not spray near fire or open flame.

Storage:
 Store in a cool, dry, well-ventilated location, separate from acids and alkalis. Protect from physical damage.
